Shamanic flutes with rich, ambient, dub-influenced electronic grooves 9 MP3 Songs ELECTRONIC: Ambient, NEW AGE: Ambient Details: Notes and Impressions from the journey.... This project was conceived and birthed in Ukraine in September, 2004, when I met Dmitris Krist, a producer living in Kiev. With his wife , Natali Dali, translating (he spoke only Russian) we recorded trax for 2 of the pieces, "Kiev" and "Odessa". Through an unusual series of events I was led to another producer, Igor Gromadskiy, with whom I recorded the 3rd piece, "Crimea". Over the next 2 years the vision was brilliantly realized and completed through the masterful production skills of Alex Newman, an English producer I met in California while he was producing a CD with the world dance electronica band, "Medicine Drum". Finally, the CD cover graphics were done by Brigitte Behr, a German graphic artist, living in Paris, France. This CD is truly the fruit of an international collaborative effort.
