beautiful story that is told on the cd and if you go to her personal web site (cececenter.com) MEET THE  
ENCHANTRESS BEHIND The Adventures of Alexandra! Claudette Jensen, better known as CeCe, has  
been enchanting children for years, and with The Adventures of Alexandra, you'll discover why!  
Claudette's natural creativity flourished as the mother of seven children, three of whom are adopted.  
Being silly with her kids helped her cope with the day-to-day challenges of raising such a large family.  
Over the years, Claudette created 20 different characters and numerous songs to calm or help teach the  
children life's important lessons. Once the children were grown, Claudette found more public outlets for  
her talents. She developed a Mrs. Keebler character that helped a store in the largest and fastest-growing  
employee-owned supermarket chain in the US win a national competition. Later, selling children's books,  
she created a successful program that reached more libraries with entertaining and educational books.  
But it was Claudette's own grandchildren who inspired The Adventures of Alexandra. My intent was to  
leave my grandchildren something to remember me by. As The Adventures of Alexandra grew in story  
and song, Claudette decided to share both its fun and important lessons with families everywhere. Now,  
with this delightful CD and storybook, your children too will feel the love and joy Claudette has showered  
on family and friends all her life. Meet CeCe's Grandchildren...
