

Mp3 David Anthony - Latte Forte

[DOWNLOAD HERE](#)

Very original piano music that will be a perfect coffee mate in the morning, noon, or night. 12 MP3 Songs
EASY LISTENING: Background Music, NEW AGE: Ambient Details: David Anthony's piano music is addictive. If you listen to it, you'll have to listen again and again, more and more. The Cd "Latte Forte" is actually a compilation of favorites off of his other 6 Cds. Those tracks were given new names for stores on the East Coast and West Coast that did not want to sell "regional music". If you become addicted to the "Latte Forte" Cd, you'll have to have his other 6 Cds!
