80's Dance Influence with a modern sound 12 MP3 Songs ELECTRONIC: Dance, POP: 80's Pop Details: Davinski's music has soul, but not the kind you'd find at the Sacred Heart gospel Choir, the San Francisco-based church group that first convinced Davis to extend his vocal talents. It was 10 years ago that Davis --who had left a career as a salmon fisherman in his home town of Anchorage , Alaska-found his voice singing gospel music. Soon after he began experimenting with song writing, collaborating with singer/songwriter/producer Ryan Downe together they created "The River", Davis' first album, which held a top 10 spot on Spin Records Internet sight for 6 months. Now back with his sophomore album and a new alter ego named Davinski, Davis gives you "Farewell", shifting from his rock roots and far from his gospel beginnings to a more 80's electronica dance club sound . Bringing back producer Ryan Downe , and adding Marc Rosenberg to the production team. "Davinski delivers and gives you a flavor that will take you to new yet familiar places."
