

Mp3 Distinguished Members - Hiding The Keep

[DOWNLOAD HERE](#)

Sort through the rubble of our society, and you'll find fragments of paranoia, despair, and disillusionment; The Distinguished Members debut album "Hiding the Keep" turns these fragments into sonic shrapnel. 10 MP3 Songs ROCK: Hard Rock, ROCK: 90's Rock Details: Forget all of the post-rock labels and indie-hybrid hype bands. Distinguished Members assault you with pre-Bush era rock for a post 9/11 world. Formed in Boston, Distinguished Members have been bringing their rock gospel to the masses since 2003. Sabbath savvy riffs and Queens of the Stone Age drone collide with the clockwork assault of Helmet and the melodic fuzz of the Pumpkins. "Hiding the Keep" is a soundtrack for our Brave New World. James and Glen Fant's guitars surge and explode, launching into air-tight riffs and walls of aural dissent. Bassist Mike Hart and drummer Adam O'Day churn out intensely volatile rhythm, capable of crumbling nations. As vocalist Glen Fant pleads in the blistering track "Aloha"; will you question chain of command?
