"Welcome To DM Country" sounds like the Beatles and the Rolling Stones playing country music with some modern day industrial, rap, and hip-hop beats tucked underneath the mixes just enough to add some dirt, spit, and a little bit of grit into that twang. 14 MP3 Songs in this album (56:01) ! Related styles: COUNTRY: Country Rock, COUNTRY: Modern Country People who are interested in Johnny Cash Roy Orbison Buddy Holly should consider this download. Details: "Welcome To DM Country" was recorded over a span of five years while Duke was learning the craft of engineering and production, while balancing living life and earning a living. This record saw many changes and evolved in a way that reflects Duke's current lifestyle and way of thinking. It ended up sounding a little bit like the Beatles and the Rolling Stones playing country music with some modern day industrial, rap, and hip-hop beats tucked underneath the mixes to add some dirt, spit, and a little bit of grit into that twang. Whether you call it southern rock, country rock, new country, or rock 'n' roll, the music is pure Duke Michaels and there is only one territory that can offer you that DM brand of music and lifestyle, and it's called "DM Country". Duke brought in some of LA's, Nashville's, Seattle's, and the Soviet Union's finest musicians to help capture this big new sound of the West. DM Country is not only the sound you hear when Duke's pumping out songs on his flatop, but it's also DM's new place to park his ride when he's not out pounding nails and building houses. Duke would like to welcome all his new friends and family to stop by and visit this new interactive world where anythings possible and experience Duke's own wacky animated version of the Wild West (Click on the YouTube link to catch a glimpse of DM Country and catch a glimpse of Duke's latest frontier). There's always a new song that's calling, or a story that's happy to be waiting. And the critters always keep a rhyme that's ready for Duke to run through his Saw-Mill. Building the finished structure for any new song to DM is just a soda cap popping. Shes always sunny in DM Country, even when she's raining, so you

need not worry about the weather, or how youre gonna get there. It's only a click away and it's best if you kick off your shoes so you can see your toes tapping. So if it's a new song you're looking for, Duke Michaels is a sure bet, and if it's a new musical experience you want, Duke is his own kind of man and that's just what you're gonna get. One thing's for sure, Duke's been living the new American/Euro dream for some time and his new double fisted records will show why it's a story worth the telling. Its the kind of story where the dream has had every reason to die but never did and never will. It's about a boy who moves to LA to get a record deal and becomes a Cowboy. No horse, no saddle, just spirit and guts. So if you ever wanted to meet a modern day pioneer and gunslinger, you can listen to Duke Michaels and own his records or visit him in DM Country which will be up and running soon. "The truth is in the tracks" Duke Michaels
