A blend of older jazz and blues styles with a hint of the contemporary. 11 MP3 Songs JAZZ: Traditional Jazz Combo, GOSPEL: Contemporary Gospel Details: "TRUE BLUE", the latest CD from guitarist/multi-instrumentalist James Michael Skeen, is an even mix of blues and jazz styles, soundtracking Bible scriptures which bring to mind the faithfulness of God. "I didn't grow up in a church situation - I didn't come to know Christ until my mid twenties - but since then, I have found in Him a REAL friend - absolutely True Blue (the scripture subtitles talk about the faithfulness of God - my hope being that someone, if they wish, can read for themselves and meet my great friend). Musically, I've loved jazz and blues for many years and I've tried to mix these two styles as equally as I could in a more traditional atmosphere - with the guitar having the main focus."
