

Mp3 Model A - Transmission: Lost

[DOWNLOAD HERE](#)

Indie-electro-space-psych-rock with all the right mixtures of melody, walls of sound, ambience, darkness, glitchy paranoia, beauty, electronics, and technical experimentation all while keeping the balance of accessibility and a unique sound. 6 MP3 Songs ROCK: Psychedelic, ROCK: Progressive Rock Details: This limited edition first pressing of the album "Transmission: Lost" was released in October 2004. Six tracks that clock in at around 40 minutes. Fans of melody, diversity, and experimentalism go no further. This album bears repeat listens. Here are some other quotes from reviews. "The haunting vocals slither through crunching guitars and dissonant synthesizers." -Mike Keller, Bettawreckonize .."heavy without being particularly hard, mysterious without being terribly morose and somehow powerful and fragile at the same time." DJ Johnson, Cosmik Debris Magazine "It is odd, distinctively creepy, with quirky undertones of sarcasm overlaid by those banging beats. Synth and pedal heads will praise the skies, and guitar players will admire the tonal shifting." Michelle Striney, Circle Magazine
