Electronic and ambient music 11 MP3 Songs ELECTRONIC: Ambient, NEW AGE: Ambient Details: Flow Mingled Down is the newest CD by ambient and electronic artist Resonant Drift. A progression from deep space to cadenced sound paintings is employed by frequent use of drones, percussive elements, synthesizer and synthesizer effects. In the style of Steve Roach, Robert Rich, John Serrie, Paul Ellis, Brian Eno and Tangerine Dream, the album is heavily influenced by dreams and emotions buried deep. Some tracks are, perhaps, a bit unsettling followed by a soft landing on reflection and relaxation. Resonant Drift circumvents the obvious and seeks the pleasant. Peel the layers and hear.
