Acoustic with some strings and some vocals 15 MP3 Songs in this album (57:31) ! Related styles: FOLK: Modern Folk, FOLK: Folk-Rock People who are interested in Bob Dylan Neil Young Coldplay should consider this download. Details: What up? Heres some love songs. Forget all the shiny BS they feed and you and listen to a down and dirty musician. This aint no boy band. There weren't tryouts for this, no models to compete with. No producers, no MTV, no jets and huge money settlements. No, these tracks are life man. Dear to my heart. A girl breaks my heart, I come home from work or where ever and write a song about it. I aint got TIME to make these perfect. So screw it this is what you get. My name is Jack and these are some home recordings I've made over the years. They are basically one take wonders. These recordings are mostly the first time I ever played these songs. The recordings aren't that good but I think if you can stick it out there are moments of fleeting beauty and bliss. So yea, its kind of a demo, of sorts, but check it out anyway. This album was recorded mostly on a fostex 6 track. Any producers out there want to sign me, we can make em sound real good and make some more. Otherwise its of to school so I can make some money cause I broke as a joke right now!!! All vocals, instruments, kazoos, pheasants, and elephants played sung or rode by Jack Reed, except track four. People/Windblows guitars and written by Jim Spaulding, Drums by Jarrod Thomas. No animals were hurt in the making of these songs, except the beast of my heart. Thanks for stopping by. Peace!!!!!!!!!!
