Country Dylan 11 MP3 Songs COUNTRY: Countrypolitan, AVANT GARDE: Structured Improvisation  
Details: Jumarniky Records Presents: Wrong Way Wrong Way, Steve Ciccone's latest CD is coming on strong with the Country music community throughout the US and Europe. Steve is a prolific song writer whose 11 songs have captured a blend of romance, adventure and a spirit of timelessness unequalled since Bob Dylan's ground breaking album "Bringing it all Back Home" (1965). Wrong Way embodies the tone and melancholy of past memories and signals a sarcastic warning of failed complacency. Yet its encouragement, acceptance and misty ambivalence is apparent in "Soldier's Song #3000," sung hauntingly by Kelly Ciccone. From "Long Time Ago" to "Living in Babylon Times," Matt Margucci's slide guitar along with Steve's mesmerizing and hypnotic lyrics takes us on a journey not traveled since "Mr. Tamborine Man." Each song, bewitching in its nature, dreamlike in its scope, truthful in its brilliance has us in a trance toe-tapping, laughing, crying. "Carved in Stone" hits us like a diamond, beckoning the ghosts of passed loved ones. "Here's Looking at You Kid," our faults as lovers exposed. On "Wrong Way" Steve Ciccone has gotten it the right way." --Vicki Crosta, Music Critic
