Blues, boogie woogie, and swing with abounding energy and flair that will make you a slave to the dance floor. 15 MP3 Songs BLUES: Jazzy Blues, JAZZ: Swing/Big Band Details: There are 88 keys on the piano and Sue Palmer virtually hits them all, with pulp novel panache, professional polish and a painterly originality that fills the canvas and shows audiences how she earned the title of "San Diego's Queen of Boogie Woogie." This accomplished artist (known for obvious reasons as Sue "Beehive" Palmer) is the former musical partner of blues diva Candye Kane. She fronted her own swing band Tobacco Road, for 12 years, received numerous San Diego Music Awards from the community at large, including Best Blues Album, 2003, for "Live at Dizzy's." She has appeared on stage with many local and national artists, and been lauded by music critics who compare her "dazzling rolling-boil rhythms" to the "startling accuracy of an Oscar de la Hoya uppercut." The San Diego Union-Tribune's Michael Kinsman notes, "Her beehive is gone from her Canye Kane days, but pianist Sue Palmer hasn't lost any of that boogie-woogie in her soul." Her new album, "Live at Dizzy's," featuring Sue Palmer & Her Motel Swing Orchestra, captures all the intensity she and her crack 7 piece band bring to her live shows.
