Indie rock band by proxy. 7 MP3 Songs POP: Pop/Rock, ROCK: Rock Roll Show all album songs: Sugar Cookie Music Songs Details: Sugar Cookie is a band by proxy; none of the musicians on this recording performed in the same room at the same time. Instead, each phase of the recording was transferred between contributors via the internet and US mail. Album producer Dan Sorensen conceived of a unique way to make music with artists he admired but whose schedules did not allow for a more traditional collaboration. He recorded complete drum arrangements and passed them on to 4 songwriters: Bryan Thomas, Ben Karis, Martha Kronholm, and Troy Pohl. Each writer applied a unique treatment to their respective pieces and returned them to Sorensen. Olivia Nix then provided supporting vocals to both Karis tunes. From there, the tracks were passed on to Bob Buckley to record bass. Finally, Frank Moscovitz, (in addition to his duties as co-producer, engineer, and mixer) provided guitar, vocal, and keyboard tracks to complete each recording. The result is a surprisingly cohesive record, and a warm representation of the vibrant Albany, NY music scene. Please enjoy.
