Transatlantic Lammy Songs Details: Singer-songwriter-pianist Taylor Giacoma has a unique sound which has been described both as indie pop and folk and is probably neither. Taylors niche lies in a modern, accessible and popular sound wrapped in a narrative style molded by years of classical training and a love of cultivated music. Taylor was originally a self-taught musician, imitating the sounds of folk singers heard on her fathers records. Playing piano initially by ear and then eventually learning to read music via a book left in the family piano bench, she started writing small compositions for voice and piano as a very young child. Many years and many songs later, she is finally singing and playing them for audiences. She has garnered a small but growing loyal fan base and is playing regularly at numerous New York City venues. Her recently recorded debut album, Transatlantic Lammy, is being released in October 2007.
