

Mp3 The Anorexics - Ten Empty Curses

[DOWNLOAD HERE](#)

Like Iggy pop jamming with Sonic Youth, you can even dance to some of it. 10 MP3 Songs ROCK: Punk, ROCK: Emo Details: Very little is known about The Anorexics apart from they originate from Coventry, they have done very few live shows and almost no interviews. All that can be said is that their line up is constantly under review and they are fronted by the enigmatic and effortlessly cool Neil J.Taylor. Their sound can best be described as Iggy Pop fronting Sonic Youth or The Strokes jamming with Primal Scream, with lots of spiky guitars and loping bass. The band left their native England in the early noughties and lazily toured Spain, France and Italy to put together new material in the sunshine. Ten Empty Curses is a selection of their work at a number of locations throughout Europe. If you like your Alt. Rock bland and formulaic, do not buy this record!
