"The Thousands have shown that the most socio-politically dangerous, sonically mind-blowing music happens when the groove is slapped across the face by the strange progress of the avant garde (and so few can do it right)." Popstocker Magazine 17 MP3 Songs HIP HOP/RAP: Hip Hop, HIP HOP/RAP: Trip Hop Details: CHECK OUT THE WORLD OF THE THOUSANDS..."Every day, starting today, things will be different." Fans of fascinating rhyme vocals and exotic beat production are engaged once again in 2005 as the duo of M-Flow and Plovo drop the highly anticipated follow up to their groundbreaking LP, Circulation. Dh6 Productions presents Press the Button, the new full length album from the most exciting group performing psychedelic hip hop in Los Angeles, THE THOUSANDS! With the release of Press the Button, The Thousands look to push their movement to higher ground with a seventeen-track shotgun full of chest-pounding beat production and innovative rhyme delivery. Throughout the album, the duo spits sophisticated mental awareness intertwined with delirium- drenched diatribes over big drums and dark, piercing melodies. The instrumentation and arrangements have mutated far beyond the perceived borders of hip hop, and the narratives are infused with the kind of wisdom that can only sail from the most introspective of frontal lobes in the music industry...or beyond for that matter. THIS IS IT, THIS IS THE THOUSANDS!!! "The Thousands have shown us that the most socio-politically dangerous, sonically mind-blowing music happens when the groove is slapped across the face by the strange progress of the avant-garde (and so few can do it right)." Popstocker Magazine The Thousands perform live at the Viper Room in Los Angeles on Wednesday, April 13th, 10 PM.
