Read Me :: Ultimate Viral Traffic Generator Hello there. Tolu here with couple of highly important getting started information The Ultimate Viral Traffic Generator. Now, you can save yourself the pain of having to spend hours surfing websites for traffic, credits and REAL cash, because with Ultimate Viral Traffic Generator youll automate all these and many more. Ultimate Viral Traffic Generator is completely free of technical problems and unpleasant techie installations. This tool is designed with non-techie marketers in mind. Foremost, the Ultimate Viral Traffic Generator script can handle an unlimited number of start-pages. By default, the script (rotator page) has 30 start page slots which itll comfortably auto-rotate. These are the easy quick steps to follow: Unzip the package UltimateViralTrafficGenerator.zip Open up the customise_me.txt text document included in the unzipped package. Sign up with all the provided FREE Traffic Websites Provided, activate your accounts and retrieve your Start-Page, Auto-Surf, Surf-Pages URLs and Links with which youll customise this viral traffic tool. Edit the [page] fields of the customise_me.txt document (by placing your start-page, surf-pages URLs & links between the parentheses .) NB: Three links have already been inserted, with my own start-page URLs, to help you get the trend. Once that is done, highlight the edited source code from to region and copy it. Next up, paste the copied source code into a new text document using text editor such as notepad or wordpad and save as rotator.html - without the signs of course. (To do this, when the Save window opens, just type our rotator.html directly into the Name text area provided) and wow, youve got your start page rotator webpage ready to constantly drive massive traffic to your website. Double click your rotator.html file to open it on your desktop and you are set. Just fold your arms and watch your downline grow, sales skyrocket and stamp your competition to powder. NB: I know this sounds too good to be true, and to help quell your fears, I advice you set up an Ads Tracker to help track visits/hits, signups to your affiliate programme (e.g. SFI has in-built site tracker, as well as, a handful other affiliate programmes. Better still, insert Google Analytics urchin tracker code in the source code of the website (sales page) you are promoting for 24/7 FREE reporting of all visits and hits to the sales page. Most of all, Google Analytics is

free. With all Congratulations!
