

Highlights Among The Shadows - Owen Rupert Clement

Highlights among the Shadows is more than a memoir. Lively anecdotes by a natural storyteller cross time, social conditions, cultures and world events in India, England, Canada, Australia and New Guinea from the nineteenth century to the beginning of the twenty-first century. The story begins with the author's ancestors in India. Owen's birthplace Kharagpur, a railway town in Bengal, had a stable congenial society with excellent technical education. His descriptions and anecdotes give an insight into a unique lifestyle and the consequences of political change that caused many to leave home, country, and way of life they loved. The narrative then briefly covers a bleak post-World War II England, emigration to Canada and later to Australia. Highlights among the Shadows can also be seen as a microcosm of this movement of people, which resulted in the network of English/Canadian/Australian family links, so characteristic of Australian society. His time in New Guinea adds great interest to a story which has many facets, personal and more wide-ranging. The depth of feeling, humour and liveliness of the writing and sensitive handling of personal history and genealogy, gives insights into many different cultures. This book will appeal to people of many interests. Author: Clement, Owen Rupert Publisher: Trafford Publishing Illustration: N
