Folk - Singer/Songwriter 12 MP3 Songs FOLK: Modern Folk, FOLK: Folk Pop Details: Picking up where his debut album, "Mr. Sunshine", left off, Dan continues to write songs that hold a mirror up to the emotions of real life in an enormously entertaining manner. Whether it's a humorous take on the "material fallout" of splitting up ("You Me, Cat"), a wry look at true love the magic of tipsy Christmas ("Christmas Eve, Lakeside Topless Revue"), or the souless way the computer age reflects our personal lives ("Credit Report"), Dan taps into the heart of a situation and sets it to music in a way that hangs on and doesn't let go. The next best thing to seeing him perform live, this CD includes the award-winning spoken poem (a la "Casey At The Bat") entitled "Baddest Of All (Love Conquers)".
