hip hop and rap music that make you get cruck 12 MP3 Songs HIP HOP/RAP: Rap, HIP HOP/RAP: Hip Hop Details: Being one of the most motivated action players in Arlington Texas, I performed as part of the neighborhood rapping unsigned artists. I have been in the music business since the age of nine, and I have been blessed with talents of writing and producing my own lyrics. My goal is to make good music that tops the charts with hot explosive hits. I also feel it is my responsibility to be out there in the community speaking with the young artists trying to motivate them positively. I entertain myself by networking with others, rapping at local artist freestyle contests, challenging other local artists in rap battles at local clubs, and talking to my grandmother. My grandmother told me to pursue my dreams and let nothing break me nor make me. I decided to work on my solo album Broke on a Mission. In the process of working on Broke on a Mission, I came up with a solo freestyle album titled Fean'in 4 tha mic. Fean'in 4 tha mic was in the hands of 8000 people independently without any radio play. Broke on the mission will be the most anticipated album for the summer of 2006..... look out for yo boy holla!!!!!!!!!!!!
