[DOWNLOAD HERE](#)

Paying tribute to our roots by playing classic country songs and some rockabilly licks. 10 MP3 Songs
COUNTRY: Traditional Country, ROCK: Rockabilly Details: Hillbilly Favorites is the third release for Lazy J Records and the third time Justin Curtis & SallyJo have recorded together. This time SallyJo makes her presence a little better known singing not only supporting vocals but lead on the duets "Jackson" and "Don't Take Your Guns to Town" (yes, it's a duet. Check it out!) And SallyJo sings both lead and harmony vocals on "I'll Fly Away". These tracks prove that she's more than just a pretty face. (Was there any doubt?). There are a lot of great songs here originally recorded by the legends in Country Music: Johnny Cash, Hank Williams, Elvis Presley, Jimmie Rodgers... And many of the great musicians that Justin has worked with over the years: Deke Dickerson, Mike McCafferty, Steve Jacoby, Bill Dewey, Will "The Rhythm Doctor" Jones... Other CDs available: Talk Talk Talk Living Room Confessions
