Soulful Acoustic Rock from a gifted musician and storyteller 13 MP3 Songs POP: Today's Top 40, ROCK: Folk Rock Details: Milton is a New York City-based singer/songwriter known in clubs and college radio stations up and down the east coast for his hummable melodies, spot on lyrics, tight, groovy band and soulful, energetic live shows. This brand new self-titled CD keeps the promise made by his debut. Miltons hip musical perspective and smart songwriting have earned him comparisons to Nick Drake and Van Morrison. But make no mistake, Milton sounds like no one but himself. He brings listeners a sound that is at once upbeat and relaxed with a pared-down raw groove. This is one of those albums that you will find yourself listening to again and again. It is his voice-- a smoky, husky baritone that resonates with honest yet poetic lyrics which makes this record so alluring. A breath of fresh air for fans of songwriters, Miltons confident, lyrical and accessible songs matched with the bands dynamic groove make this a sexy, soulful, and just plain unforgettable album.
