

# Mp3 Paul Reece - Enjoy Yourself (it's Later Than You Think)

[DOWNLOAD HERE](#)

An instrumental mix of blues, bluegrass and folk music. 12 MP3 Songs EASY LISTENING: Mood Music, FOLK: Gentle Details: This CD took the longest time but I think it was worth it. Try listening to "what I'm dreaming of" "it only plays the blues". These tunes I'm particularly proud of. Look for the vocal version "RIVER LYNN" to come out early 2007. Thanks for supporting me, I really appreciate it.
