Retro comedy that will take you on a blast to the past and leave you laughing happily ever after. 15 MP3 Songs SPOKEN WORD: Comedy Details: Shelly was born in the kingdom of Minneapolis. After being enlightened by great literature, namely fairy tales, she developed a vivid imagination. Since she was an only child, this trait came in handy...although her parents never figured out how many imaginary siblings there were in the house. Every child is faced with the challenge of figuring out what they want to be when they grow up. It wasn't easy since her role models gave conflicting messages. Was there a happy medium between the innocent fairy tale princess and buxom fashion model? Shelly thought this incongruity was funny! As she grew up, Shelly realized her sense of humor was more than entertaining; it was therapeutic! In addition to making her friends laugh, this gift became the sunshine that burst through a cloudy sky. And now she's going global! By sharing experiences from her own childhood, Shelly takes her audience on a seriously weird adventure; one that will evoke memories ranging from family to friends, school days to extra-cirrucular activities and more! Shelly Ryan lives in Atlanta, GA where writes and performs various forms of seriously weird comedy.
