

Creative Multimedia Suite - Adobe Cs Alternative

[DOWNLOAD HERE](#)

Tight budget? No time to spend researching and browsing the internet for great multimedia design software? Save yourself some time and some money with this creative multimedia suite of applications. A viable alternative to Adobe Creative Suite for a FRACTION of the cost!!! This software contains everything you need to unlock your creative potential including professional software for photo editing, audio editing, vector imaging, video editing, and music scoring! All the software installs with the provided setup program, saving you time and money, and giving you a professional and affordable alternative to Photoshop, Illustrator, Premiere, and more! With the included launching dock, your multimedia software is just one click away at all times! Work with these professional software file-types: WAV, MP3, AVI, MPG, PDF, PNG, GIF, JPG, BMP, PSD, WMF, EPS, and more! How is the price so low? You are paying for the professional development of the customized installer, setup, and design, and the software is provided FREE under the GNU License which gives you freedom from long CD keys, serial numbers, and installation limits! The package also includes links to the developer sites where you can find FAQs, tutorials, as well as updates to the individual software packages as they become available! This package

is for Windows XP, Vista, and 7 (Not yet tested on Windows 8) MAC and Linux versions are available on the developer sites for many of the titles.
