Examines the international legal instruments and case law relevant to humanitarian and human rights law. International Human Rights and Humanitarian Law: Treaties, Cases, and Analysis introduces the reader to the international legal instruments and case law governing the substantive and procedural dimensions of international human rights and humanitarian law, including economic, social, and cultural rights. The book, which was originally published in 2006, also discusses the history and organisational structure of human rights and humanitarian law enforcement mechanisms. A chapter is devoted to the issues surrounding the incorporation of international law into U.S. law, including principles of constitutional and statutory interpretation, conflict rules, and the self-execution doctrine. Questions and comments sections provide critical analyses of issues raised in the materials. The last chapter addresses theoretical issues facing contemporary international human rights and humanitarian law and its enforcement.
