[indieworkshop.com/reviews/1264](http://indieworkshop.com/reviews/1264) 10 MP3 Songs FOLK: Modern Folk, FOLK: like Joni Details: A Long Island native and current NYC squatter, Adam has devoted himself to his art and his love of music. Upon finishing his Masters from the University of Buffalo with a degree in Humanities, and American Studies, He embarked on the scene as an under the radar songwriter in the Summer of 2001, performing in local NYC venues like the sidewalk caf, CBs gallery, The Bitter End, and Luna Lounge. His first introduction to mainstream listener ship was found in the cinema, upon independently placing his song Have Mercy (his demo recording) as the closing scene and credits to Toby Mcguires independent short film whatever we do starring Robert Downie Jr., Tim Roth, Amanda Peet and Zooie Deschenel. That dream slowly is becoming the reality as Adam Mugavero independently releases his first debut record Breathe.
