SEX. DRUGS. ROCK-AND-ROLL. Come hear a band that doesn't get any of that right. 13 MP3 Songs

POP: Quirky, POP: Beatles-pop Details: WHAT WE'VE GOT: BEATNIK TURTLE'S FIRST (AND LAST) DEBUT ALBUM. Before they created "The Cheapass Album" for the Seattle-based board and card game designer Cheapass Games... Before they wrote their un-holiday opus "Santa Doesn't Like You" as heard on Dr. Demento and seen at Second City... ...Beatnik Turtle recorded their first, and some say, last debut album, "What We've Got." Packed with catchy, contagious songs that run the gamut of musical styles, "What We've Got" finds the Chicago-based pop-rock band in full form. Featuring such live show favorites such as the rockabilly "Pop Tarts A Pack of Smokes", "High Horse (Jesus, Won't You Come Out Play?)", and "I Lost My Glasses in Canada." It also includes the the unusual Beatnik Turtle power-pop song, "Arched Eyebrows", which was featured on National Public Radio's award-winning 848 Show. Pick up a copy of "What We've Got" and rest assured that you're enjoying Beatnik Turtle's first and last debut album...of all time. \_\_\_\_ For more information about Beatnik Turtle (including free music!), visit [beatnikturtle.com](http://beatnikturtle.com).
