Alternative acoustic quirky folkish story-telling 17 MP3 Songs FOLK: Power-folk, POP: Quirky Details: Cichlid and Slooter are a duo that have created over 35 songs in the past year and have never written, rehearsed or recorded any of the material in the same place at the same time. All tracks were created across the Internet using FTP servers. The topics range from the ridiculous to the semi-serious and all music is polished as a result of our combined 40 years of musical experience. The 35 + songs were reduced down to the 17 that are on this CD. Mastered at Audio Lab Studios and packaged with complete lyrics, Volume 1 promises to be the first in a long line of quirky releases from this duo.
