OTHER NEWS: Denise will be touring throughout the month of September in support of her new CD release and also to help raise money for the non-profit organization, "Indie Music for Life". "Fighting Cancer One Song At A Time" is the slogan for many Independent Singer Songwriters joining forces to bring in money for cancer research. Indie Music For Life is a non profit that features Indie Artists in benefit concerts and compilation CDs up and down the east coast with plans in 2006 to go coast to coast. WON'T YOU BE MY NEIGHBOR? Denise has a new myspace page. Here's the link: myspace.com/denisebarbarita

DETAILS: Some call it Avante Rock, We call it Avante-Pop. Denise's Sophomore release, "Chaos and Congeniality" is riviting, thought-provoking, and mesmerizing. In the past, this NYC songwriter's music has been described as "A combination of Pop-angst, Rock and Folk"; and while that description still fits, this new release shows off a matured and more confident persona. Loaded with beautiful harmonies, and lush guitar-work, "Chaos and Congeniality evokes shades of Joni Mitchell, PJ Harvey, RadioHead, and Elliot Smith. Recorded between 2003-2005, "Chaos and Congeniality" is like being on a guided tour of one person's personal diary; Cataloguing heartbreak and loss, then finding the light at the end of the tunnel where hope and joy can be found. Lyrically and musically stunning; There is a song on the album for everyone. For tour dates and other info visit:
