Hard, heavy, sophisticated polyrhythmic music, metaphysical lyrics. roll's future. 10 MP3 Songs METAL: Heavy Metal, ROCK: Hard Rock Details: In 1996, edge of the world Aberdeen, WA gave birth to JED. A few unlikely counterparts were thrown together by chance, and a musical entity was forged. Over the course of nine years, rehearsing, writing, arguing, laughing and blaspheming in annually flooding basements, defunct and abandoned churches and theatres full of weird goings on, a band would endure to scrape its own niche in the heavy rock syndicate. Eight years running, JED continues to pen multi-faceted compositions that challenge and break away from the typical verse-chorus formula of mainstream rock music without losing radio appeal. JED delves below artistic surfaces, into colorfully enigmatic dimensions, but yet doesn't stray into anything that feels overly experimental or avant-garde. The music and message are darkly grooving, heavy, melodic, and dynamically and stylistically contrasting enough to thwart any one musical niche. Experience JED, and bring out the scourge of your mind...
