massive electronic beats, melded with smooth melodies sultry female vocals (think Sneaker Pimps meets Lamb) 7 MP3 Songs ELECTRONIC: Trip Hop, ELECTRONIC: Breakbeat/Breaks Details: Return To Mono is a live electronic/alt band based out of San Francisco, CA. featuring the voice of Tanya Kelleher, the guitar/bass of J.G. Paulos and the sound-design, keys and programming of Andy Sybilrud. This collaboration began as Andy's studio brain-child merging progressive electronic beats and dynamic sound design with the organic purity and dynamics of live instrumentation, ultimately growing into a hybrid intersection of multiple genres (including but not limited to) breakbeat, drum'n'bass, hip hop, electro-clash, rock and trip-tempo experimentations. Tanya Kelleher's vocal versatility shines with true depth, emoting playful and soulful imagery, while J.G. Paulos cross-bonds his unique style of electric guitar and multi-instrumentation across this ever-evolving multi-dimensional sonic labyrinth. Return To Mono is currently touring the bay area and beyond in support of our brand new EP "Involution" due out in November 2006. If you like having your mind blown and your senses reeled, come outside and experience our live shows. You can stay tuned to this site for show listings and special future events. We would love to meet you and hear your feedback.
