example and run with it. recommended for fans of badfinger, raspberries, kyle vincent and tommy keene..... bruce brodeen,notlame the brambles biggest problem is they have too many hooky pop songs! a good problem to have. unlike most pop bands the brambles don't have any filler tracks.songs like "everytime" "eyes of love" "falling" and "now your're in my heart" sound like undiscovered cult hits - the kind of tracks diehard pop rocks fans search for on out of print classic records like the classic iv or badfinger. i guess when these bands ended the brambles decided to create their own classics! fans will find this record filled with ear pleasing pop melodicism. highly recommended . stars magazine,n.y. THE BRAMBLES ARE GUEST EVERY FRIDAY ON Y94 (WYYY)FM ,SYRACUSE ,NY. cybercuse.com 100,000 watts of pure pop GOD BLESS YOU GEORGE. THE BRAMBLES AND THEIR RECORD LABEL JEALOUSY HAVE RELEASED A GEORGE HARRISON TRIBUTE CD "HE WAS FAB" A LOVING TRIBUTE EMAIL info@jealousy-records.com OR GO TO cdbaby.com/fabcomp With vocals that are equal part Bowie and Elvis Costello reaching his high pitches,the duo cousins Lou and Tim Anthony make easy and quite invigorating classic pop on "I WANT TO BE WITH YOU".Complete with tamborine and California summer car driving feeling ,each song is tight almost to a fault.There is also a touch of Queen in some songs,particularly the bassline and rythm section in "THE KICK INSIDE".This song also has a Crowded House infectious pop quality.The harmonies in these songs remind me of The Everly Brothers Meet The Beatles.The "EYES OF LOVE" has a surprisingly up-tempo and buoyant taste as it ends.The best track has to be "NOW YOU'RE IN MY HEART" which comes off as a cross between The Bangles and Tom Petty with it's lovable arrangement and bubblegum performance ."FALLING", "SAFE IN MY ARMS" and "ALWAYS BEEN YOU" are also adorable classic pop.Catchy and inviting pop/rock.
