Growing up in the westside of Nashville, TN in one of the cities toughest projects Preston Taylor, the two have experienced enough for a man twice their age. With an all too familiar background of drugs and violence surrounding them, hustling was inevitable them. Rap was nowhere in their sights even though fellow westside rapper pistol was arguably the best local artist out at the the time. But it wasnt long before Pistol formed a group of young talented hustlers called PJN. which both trump and thee were members of. Pistols 2000 album "Speedballin" would mark the 1st time the world heard a young trump on a record. Unfortunately PJN didnt last long and it was back to the streets for the teenage corteone cousins. Determined not to let the block get the best of them the teamed up with high school firends chris williams and antwan smith.They had been making noise as a production group called Hutlaz Ave with their own studio. The product of their first project is the 1st album by the group No Turnin Back. Considered by many to be a westside classic album the two up and coming artist are ready to take their music nationwide. Tags: hip hop/rap: hip hop
