The Classic City of Athens Ga. is where my life and my story begins.What is my story you ask? Well if the truth be told my life would be coparable to the life of a small town resident who's world exists within the city limits. For me that world expanded when i was six years old,living in the housing projects called Nelly B. I was mentee in the Big Brother, Big Sister program.It was here that my mentor blessed me with an album that sparked the artist with in my young self. That album was L.L.Cool J's I'm Bad. This was the seed that has now grown into what you know as BEAR aka Stackman. Listening to the way he deliverd and owned every track on that album captured me like a fish on a line. There fore hooking me to the hook of HipHop. Thats how i began. My development throughout the years came from listening to the styles of many different artist like: Eric B. Rakim, kool Moe Dee, Outkast, Pastor Troy, Luthor Vandross, Silk, Troop, and a plithera of all star entertainers. With this being said i would say my style is no style .because i now exist outside the box.
