Show all album songs: Martian Tangos Songs Details: If you hate folk comedy done with impeccable lyricism and musical taste, don't stop here! Whether melodically extolling the virtues of her tomcat, tangoing with extra-terrestrials, or going out of her way to avoid beer, Deb Seymour is an extremely busy woman! Her lyrics and music are habit-forming and, by the end of her performance, you too will be viewing the world through Seymour-colored glasses. Album features expert backup from Colorado music scene: Tim O'Brien of Hot Rize Drew Emmitt from Leftover Salmon and Mike Fitzmaurice from Colcannon
____ "It would be easy to pigeonhole Seymour as a Christine Lavin clone, but her range of material is far more diversified." -Dirty Linen Magazine ____ "This album reminds me of an Irish scrub woman performing Vaudeville" -Michael Vernier, The Front Page, Front Range Community College, Westminster, CO
