Country flavored pop/rock to soothe the emotionally dysfunctional. 11 MP3 Songs COUNTRY: Country Pop, ROCK: Country-Rock Details: First of all let me say thanks for stopping in! And since you are here you probably want to know a little about who I am. I was born in Mesa, AZ in February of 1969 , And for as long as I can remember have loved music. I started singing at 5yrs old and haven't been able to stop yet. At age 12 my Mom gave me her Yamaha classical guitar and I began teaching myself how to play chords from a old guitar book. At 16 I begged my Mom to take me to Milano's Music Center and she bought me a 1963 Gibson Melody Maker (Man I wish I still had that one) for \$100.00, from a young Salesman named Bill who would later become a rather well known radio personality Willy de Loon (from the Tim and Willy show)! In 1990 I started writing and singing original songs and performing out with friends and sitting in with other bands in the country music bars in Mesa and Payson, AZ. I tend to write about emotional issues such as love, friendship, relationships and being a parent. I am a single parent to a wonderful 10yr old daughter, whom I adore! If it affects my heart it just might come out in a song. I am a current Member of Nashville Songwriters Association International. I have enjoyed traveling to Nashville to attend song camps and other seminars regarding the music business as it pertains to songwriting and networking. Well I want to keep this short and sweet so if you would like to know more, feel free to drop me an email! People who are interested in Garth Brooks Jim Croce Clint Black should consider this download.
