

Mp3 Faith Assembly - Shades Of Blue

[DOWNLOAD HERE](#)

Faith Assembly has deep influences from the 80's new romantic (new wave) scene, with a touch of modern synthpop. 10 MP3 Songs ELECTRONIC: Pop Crossover, POP: New Wave Details: Faith Assembly has become known as the modern "new romantic" band, playing a lush style that many people associate with the some of the memoral artists from the 80's like Japan (David Sylvian), The Smiths, Simple Minds, Tears for Fears, or Depeche Mode. The moods and sounds of the album are especially memorable in modern classics like "Redemption" and "Denial". One fan wrote: If you like 80's and 90's electronic/pop music, this one is for you. 'Redemption' is the best, it's a 10 stars song! Hear the Pop-Remix near the end of the CD, IT'S SIMPLY AWESOME!. Compared to other pop bands like Depeche Mode, Alphaville, Pet Shop Boys, these guys have their own sophisticated style: a mixture of mystery, elegancy, hapiness and excelent rythms.
