

Mp3 Gene Owens - Beautifully Strange

A musical tapestry of emotional, thoughtful lyrics woven into a backdrop of driving rhythms and soaring melodies. 11 MP3 Songs ROCK: Folk Rock, POP: Beatles-pop Details: "This young singer-songwriter, a Pittsburgh native now based Los Angeles, shows great potential. With major label-worthy hooks and a slow burning intensity, Gene Owens has put together a record that holds the subdued anger of rockers like Staind and the vocal style of hard rockers like Alice in Chains' Layne Staley, but still knows how to hold to a restrained groove and simple metaphor. The ghostly pedal steel on "Some Things Never Change" and the piano on "Not the One" contrast well with the full-out Connells rock of "Chance" and the acoustic intimacy of "Hollywood." As he grows in experience and notoriety, Gene Owens will surely become a notable name in the world of rock songwriters." -Clay Steakley, Performing Songwriter Magazine January 2003
