Guitar based pop rock. 10 MP3 Songs POP: Power Pop, POP: with Live-band Production Details: Singer/songwriter PETE MASITTI, an accomplished producer and musical director for JULIO IGLESIAS JR., is an artist long familiar to U.S. and international radio and television audiences. His second solo album, "TURN AROUND", which features the undeniable hit single "WHEN I SEE YOU SMILE" is a pure pop package filled with his particular brand of hyper catchy songs with an intelligent lyrical edge. His trademark sound, often compared to VERTICAL HORIZON, TOAD THE WET SPROCKET, and the GOO GOO DOLLS, is full of hooks and rich vocal textures. "WHEN I SEE YOU SMILE" is creating phenomenal industry buzz and steadily climbing the charts in Masitti's own indie radio campaign. MASITTI was invited to perform at the recent BILLBOARD convention in Miami, and his track "TURN AROUND" was used in the "Up and coming artist" campaign for Federated Department Stores. Growing up on an organic farm in the foothills of New Jersey, MASITTI learned early on the value of being involved in a project from beginning to end. "My father was a great inspiration to me. Almost everything we ate was grown on our farm. We hand raised chickens that were fed from our garden, and he even made his own beer and wine, although I can personally attest that they didn't always taste that great. My Dad encouraged me to do my own thing, even if it took me a while to get it right." PETE MASITTI is currently touring and performing in support of his current release.
