

Neil Young - , Gary Graff

[DOWNLOAD HERE](#)

Neil Young has been described as brilliant, cantankerous, enigmatic, and vexing. Regardless, his generation-spanning fan base and his profound musical influence cannot be denied. While a number of narrative titles have chronicled Neil Young in one manner or another, this is the first illustrated history to span his 41 studio albums, 6 live releases, and 40-plus years as a recording and touring musician. From Young's earliest days in the Canadian rock scene through his tenures with Buffalo Springfield and CSNY and on to his varied solo career, each aspect of the musician's career is covered. Photography from rock photographers of the 1960s to the present, as well as concert posters and memorabilia from around the world, are complemented by commentary from notable musicians around the world and a discography.
