Do You Sell With Mini-Sites? New Mini-Site Templates To Improve Your Online Image, Gain More Trust And Rake In More! I am not much of a copywriter. I am designer and a programmer. So here's what this page is all about... What I have is a new mini-site template that is different from what you normally see. It's designed to give you that professionalism look combined with a powerful corporate presence. Like it or not, people are tired of the typical header-footer mini-site design. I am tired of it. They don't trust it anymore. The minute they see you typical header, they'll be reaching for the little "x" button on the top right of their browser. They trust Facebook, Twitter, LinkedIn, Google... And take a look at other websites
