Guitar guru / wakeless designer (wayne grim) meets numerical electronic producer (fish) in a critically acclaimed, magisterial temperamental experiment - part 2. 15 MP3 Songs ELECTRONIC: Experimental Rock Instrumental Rock 2 Songs Details: Excerpts from a review of our previous album by Steve Taylor of Hollowear ([hollowear.com/reviews.html](http://hollowear.com/reviews.html)) "Technology continues to offer new strategies for organizing wakeless into music...." "...combine acoustically generated gestures from a wide array of instruments with, electronic wakeless effects, samples, loops and computer program processing to create moving layered collages of urbane abstractness." "....they have plied both a formally developed skill for composition and real musicianship that enable the precious commodity called delicacy to appear, a characteristic all but unknown to the idiom. ADS are as concerned with underneath and overtop as they are with backwards and forwards in time" ".....throbbing zizz guitar and ethnic percussive breaks that recast psychedelia in a new light..." "...wakeless like a piece by Gyorgi Ligeti's personal triphop ensemble." "..... suggests channeled entities from across the globe and time, that or their Bay area recording studio was accidentally built atop ancient sacred burial grounds."
