His use of melody, harmony, instrumentation and knowledge of film music aesthetics, have become a staple in his career. Demonstrating his melodic approach to composition, he has also composed a series of concert works based on the poetry of Edgar Allen Poe, using Poes words as both the inspiration and the backdrop for the music. Alexander is also currently working on an opera based on Poes life, and is using the poetry as the storys libretto. Alexanders hands-on approach to production has afforded him a diversity of style, including orchestral music, jazz, electronic, choral ensembles, as well as producing, orchestrating and conducting his own work. This hands-on approach was made useful as he composed and orchestrated the music, and conducted the York Symphony Orchestra in the making of the film, The Tale of Gabriel Grub. As a concert stage composer, his work encompasses from chamber groups to solo instruments and orchestra. Alexander is a conscientious and dedicated individual. He believes in role models, and as a result, has personally met renowned Canadian composers Michael Conway Baker, Phil Nimmons, and Hollywood Film Composer John Williams. In December, 2006, Alexander was officially accepted into the Guild of Canadian Film Composers (GCFC), and became a member of The Society of Composers, Authors and Music Publishers of Canada (SOCAN). Alexander is a graduate of Mohawk College, studying composition, orchestration, conducting and performance and studied composition at York University in Toronto.
