

Mp3 Bio-tek - Punishment For Decadence

[DOWNLOAD HERE](#)

Industrial pointing heavily to the fetish scene. Ten power-packed EBM-tracks full of melodylines and grooving basses. 10 MP3 Songs ELECTRONIC: Industrial, ELECTRONIC: Dance Details: Hard music for hard people. Bio-Tek is another of the many projects of Jonathan Sharp (New Mind). Hard EBM for a dance-floor friendly atmosphere, Sharp's vocals surge through each song with a melodic harshness very few Electro artists are able to pull off. Opening with the anthem stirring 'Leviathan', and the ever slick 'Eve Black, Eve White', "Punishment for Decadence" continues with eight more songs of driving beats and sweaty wholesome fun. This album quickly add to the rising cult status of Jonathan Sharp and his many side projects. (above review by Mute #3)
