

## Mp3 Pal Shazar - The Morning After

[DOWNLOAD HERE](#)

Former LA singer of Slow Children creates a dreamy, hopeful landscape of sound on her 7th release, *The Morning After*. Beauty with an edge. 13 MP3 Songs POP: California Pop, ROCK: Modern Rock Details: Pal Shazar was raised in NYC on a diet of Patti Smith, The Talking Heads, etc. and the explosive art-meets-music scene that inspired so many. Moving out to Los Angeles, she began working at the infamous Troubadour, cutting her musical teeth and forming a band called Slow Children. Critically acclaimed and achieving underground cult status, Slow Children eventually dissolved and Pal found herself continuing her musical journey. Collaborating with her former Slow Children partner, and her husband, Jules Shear, Pal found her own voice and branched out into painting, clothing design, etc. An eclectic talent, Pal is a multi-faceted artist. And this is very apparent on her seventh album, *The Morning After*, which is a musical landscape of changing moods and lush melodies.
