an experimental and electronic blend of funk, jazz and hip-hop. 5 MP3 Songs ELECTRONIC: Ambient, ELECTRONIC: Trip Hop Details: Press Kit Greetings! We are the Deepsleep Narcotics Co. We are a digital/analog trip hop trio based in Seattle WA. Our music has been compared to groups as disparate as the Residents, Massive Attack and Soul Coughing, although our sound is quite unlike any of these groups. All of our music has a narrative element to it. Sometimes there is spoken word, and sometimes the story is told with soundscapes, but the listener is always taken on a journey.
