Use This Powerful New Software To Force Your Visitors To Buy Your Products, Spend More Money, And Keep Coming Back For More! Lets get right to it..... To make more money from your website, you need to increase conversions on the traffic you are already getting. You need your salespage to sell more copies, and you need your visitors to spend more money with you. The Sales Trigger Generator Does Exactly That! As a matter of fact, you are already witnessing it in action! Look at this: Only XX Copies Remain! This is the FIRST HIT of the 1-2-3 Punch that Sales Trigger Generator delivers. This is NOT a ploy, these are the ACTUAL copies remaining before this offer is gone FOREVER. (See Live Counter up Top) Showing your visitor the copies remaining does two things for you. First, the falling number provides a sense of urgency for your prospect, and the lower it goes, the more it works.... Another advantage is it provides what is known as social proof that others are buying this product too - so it must be great! We are instinctive creatures, and when we see others doing something, we have more confidence in our decision to do it too. The SECOND BLOW is that the user cannot leave the page, come back later and still get your reduced price! When the user refreshes the salespage, or leaves and comes back later, they

will automatically be redirected to your page 2 offer. This page will have another offer for the visitor, only at a higher price. (Just as weve done for this very page!) You will make more money by TURNING PEOPLE AWAY from your discount offer when they dont take advantage within your time limit, or if they dont order right away! THE KNOCKOUT PUNCH = The Time Limit! Order in The Next XX Minutes, & Get The SOURCECODE and Private Label Rights to This Powerful Tool for Less Than $200! Now, this is not like the commercials on TV that say Order in The Next 10 minutes and get everything under the sun as an added bonus for FREE! We all know that they are just using another ploy, and that we can call the 800# THREE WEEKS from now, and STILL get the same deal, same price, same bonus. NOT TRUE When You Use Sales Trigger Generator! Now when you give your visitors a countdown, YOU MEAN IT! As an example, Ive already told you that you are witnessing our software in action before your very eyes, and when this timer above expires, you will have to pay 2X as much for this very same software! NO SECOND CHANCES! Why are we doing this? SCARCITY. We want the owners of this product to have a valuable tool that not everyone is using - yet. We know that THOUSANDS want this powerful tool, but we are only releasing 250 PLR copies - EVER. We know that since we are releasing only 250 copies, they will all sell out, so the more we can sell each copy for, the more money we will make! Its to YOUR advantage(and your customers when they visit YOUR offers) to secure your copy before the timer expires. Luckily we gave you plenty of time right?
