Fiercely intense vocal and lyric ability, Minx's ultra powerful voice draws you in immediately and the lyrics really make you think. Think Melissa Etheridge meets Paula Cole if they had a baby with Gwen Stephani's DNA along with Indigo Girls harmonies. 10 MP3 Songs ROCK: Acoustic, ROCK: Folk Rock
Details: Hot off the press...new reviews for "Just Lay"! "Second Hand", great vocals and a great song. This song is a definite chart burner in the making. The vocals simply melt the listener and the music is tight and masterfully produced. This is the kind of song that artists dream of creating."-theglobalmuse.com
"With reviews too numerous to mention, amanda's waiting has established themselves in the NYC music scene by rising above the competition with Minx on vocals, "a force to be reckoned with". NY Newsday calls her "the next rock-diva-in-waiting". SAY WHAT??? writes "The band has a fantastic female-fronted voice that cries stardom." -eceworldwide.com/35thEdition.html "...If you've also been Waiting for Amanda's next, and have followed her down the dark path through songwriting progression, you won't be disappointed by the recent offering. 'Just Lay' is like a steamy ballad in an opium house, egging you on to close your eyes and breath deep. 'I'll Drink You In' is wicked and shouldn't be allowed out. Thank you." -musicdish.com "Twist My Sobriety is another wonderul example of Amanda's Waiting's songwriting, then again so's the whole album..."indieicator(Persygrll) "Like some CD's this one doesn't have one or two good songs... all the songs are well crafted and well executed. Minx has a gorgeous and sexy voice and does great justice to the songs written by Grace Millo who sings backup. Each song is like a poem in the day in a life. I would urge those who love beautiful female vocals and easy rock to check out Amanda's Waiting."-thenightguide.com "Their new CD is more of this wonderful vocal meandering of Minx - one of the few artists that still give us goose bumps. Just listen to "Second Hand." If you listen to "Just Lay" it takes you from dreamy states to hard awakenings. Just amazing vocals from Minx and Grace Millo

makes for an orgasmic treat...and have them all follow the most amazing drummer to bless the earth in Donna Kelly and you have an INCREDIBLE second CD! Go Girls!"- OnlineTV.com "Any one of the songs on this CD could be a hit in the making.... This is very good music that I believe will generate a large following in the near future. The music is full of heart and soul and is delivered with the same passion through the vocals. 'Just Lay' is only the beginning for this band. Mark my words, you'll be hearing a lot more from them in the near future. Amanda's Waiting is one of those bands that have that unique vibe that is so hard to find in most bands. Great Music, Great Vocals, Great Lyrics, who could ask for anything more?"- Michael Allison - THEGLOBALMUSE.COM Minx's voice is like silk or satin. I can't decide which, and that continues with my feelings toward the rest of the album, 'Represent'. It's like not being able to choose which compliment you want to use and knowing that if you didn't, you'd be going on forever. If you want to know how I really feel, get yourself a Thesaurus and look under 'Great'." -Geneva World of GirlMedia.Com (girlmedia.com)
