Big Shots is Number 6 for October on the Freeform American Roots Chart! "Swinney has outdone himself this time. Biting comments on the world, packed in remarkable songs." - Theo Oldenburg, Radio Winschoten / HOLLAND "This CD is hypnotizing! Great bitter-sweet picture of the U.S.A." - Lord Litter, Radio Marabu / GERMANY "An ESSENTIAL songwriter. Big Shots is fresh air in a too often polluted atmosphere. When we can hear an American voice like Swinney's, we can hope he is not alone in your country, that maybe he is a kind of expression of a kind of silent minority or majority" - Michael Penard, Radio ISA / FRANCE "A TRULY gripping songwriter with the whip-smart social and political commentary of a Steve Earle, the literary and descriptive qualities of one John Prine, with a bit of Kris Kristofferson's gruffness. Swinney joins the ranks of the aforementioned - and does so with singularity and flair. 100 Guaranteed!." - Miles of Music / Los Angeles, California
